CZ10F – GOURMELLA COOKER

Hot Mixer – Ideal mixer for use on the stove. Quick and uniform mixing, leaving your recipes at the ideal point.

- Digital panel for time and speed programming;
- 10 levels of speed: Greater precision in the development of your recipes;
- 10 Liter pan, in cast aluminum, machined internally and externally, with handles and red finish;
- Stainless steel cover to protect against splashes;
- Planetary system: homogeneous mixture provided by intense, fast and powerful movements of the exclusive planetary system;
- Beater (for savory foods) and Scraper (for sweets) in stainless steel, easy to assemble and dismantle;
- Scraper with silicone flaps (blades) and height compensation spring, simple disassembly of components facilitating cleaning;
- Finishes in high-resistance polymer in red color;
- Sound alarm timer that warns the end of the programmed time;
- Allows you to add the ingredients with the set assembled;
- Sweets production capacity: 12 to 15 cans of condensed milk (up to 6kg);
- Dough production capacity: up to 4kg.
