TOMASI'S JUMBO GRILL

Tomasi Jumbo Line charcoal grill is a modern, sophisticated and reliable equipment. It brings all the history of South American style barbecue. In the next pages you will be amazed with what this grill can do for you.

SMOKED FLAVOR

Fire and embers to
roast the perfect
meat, creating a
flavor so delicious
and so memorable
that will bring your
churrasco experience
to the next level.

THERMAL INSULATION

FOUR layers of thermal insulation
for CHARCOAL SAVING

1. REFRACTORY BRICKS

This first layer is very effective in withstanding heat.

2. CELLULAR CONCRETE

Autoclaved aerated concrete is a lightweight and eco friendly building material.

3. ROCK WOOL

Inside walls lined with fire and water resistant mineral wool.

4. AIR CHAMBER

Air is one of the best thermal insulators.
